

HOW IT CHANGES YOUR LIFE

It steals your independence. ♥ It takes your freedom. ♥ It affects every part of your life.
It's invisible, but real. ♥ It's unpredictable. ♥ It's exhausting.

FND

is real.
I live it. Every day. ♥

FUNCTIONAL NEUROLOGICAL DISORDER (FND)

FND is a real, chronic neurological condition that affects how the brain and body communicate. It is not "all in your head". It is not fake. And it is not under my control.

THIS IS WHAT I GO THROUGH EVERYDAY.

HAVING 30 SEIZURES IN A FEW HOURS, HAVING DAILY CLUSTER SEIZURES
and doctors can do nothing about it.

FALLS

TREMORS

LOOSING CONTROL OF BODY PARTS

SPAZUMS

TICKS ALMOST LIKE TOURETTE

PARALYSIS CAN LAST
from minutes to hours

NOT BEING ABLE TO FEEL BODY PARTS

YOUR LEGS NOT WORKING

ABNORMAL WALKING

TRYING TO TALK BUT NOTHING COMES OUT.
This can last hours

*This is invisible.
But it is not imagined.* ♥

NEUROLOGISTS DON'T KNOW ENOUGH ABOUT IT. DOCTORS KNOW NOTHING.

They send you away with a website.

I DESERVE ANSWERS. I DESERVE CARE. I DESERVE TO BE BELIEVED.

**FND AWARENESS = CHANGE
EDUCATE. SUPPORT. BELIEVE.**
